Shooting The Breeze

This **Studio Trail** is comprised of local artists and artisans who have come together to present their works to you. As with all things Saskatchewan, there are distances to travel and that makes for part of the allure of exploring these studios. Trail participants have chosen to showcase their talents in various locations. Check to see which of the participants will have demonstrations of actual works in progress. Refreshments and bathroom facilities will be available.

Jump on the trail anywhere you wish, follow the brochure's map to find the next artisan or artist. Take the day or the whole two days to explore the area around Manitou Beach/Watrous and the surrounding area of Viscount and Meacham to discover what talent lies around the bend. Visit as many studios as you want; make sure to have your **passport** stamped at each. This will qualify you for a chance to win a prize at the end of the weekend.
